

SIVA SURIYA.B

Full Stack Developer

 sivasurya.21@gmail.com •  linkedin.com/in/siva-suriya-b-990438381 •  github.com/sivasurya2006 •

 Thanjavur, Tamil Nadu

PROFESSIONAL SUMMARY

Passionate and dedicated Full Stack Developer with strong hands-on experience building clean, responsive single-page web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Fetch API. Proven ability to create modular component architecture, manage state effectively with React Hooks, and integrate third-party REST APIs. Currently expanding skill set into backend development using Python and Django. Eager to contribute to real-world software engineering projects.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python, HTML5, CSS3, C Basics, C++ Basics

Frontend Technologies: React.js, HTML5, CSS3, Responsive Web Design, Single Page Applications (SPA), Component-Based Architecture, React Hooks (useState, useEffect, useMemo), Fetch API

Development Tools: VS Code (Visual Studio Code), Git, GitHub, Vite

Currently Learning & Backend: Python Backend, Django (Basics), Database Management (SQL Basics)

Concepts: Object-Oriented Programming (OOP), Component Architecture, SDLC Basics, Clean Code Principles, Debugging, Responsive UI Design

PROJECTS

NewsHub - Real-Time News Application [[GitHub Link](#)] :: React.js • JavaScript (ES6+) • Fetch API • CSS3

- Architected and developed a dynamic single-page news aggregator that fetches and renders real-time worldwide news using external APIs.
- Implemented dynamic category navigation, search query handling, and asynchronous data fetching with Fetch API.
- Managed loading and error states using React Hooks (useState, useEffect), creating a seamless user experience.
- Built fully responsive UI components adaptable across mobile, tablet, and desktop screens.

Movie Search & Discovery Application [[GitHub Link](#)] :: React.js • JavaScript (ES6+) • Fetch API • CSS3

- Developed an interactive media search application querying external movie APIs to display movie posters, ratings, and plot summaries.
- Handled asynchronous JavaScript Fetch API requests for immediate search feedback and detailed view transitions.
- Managed component state with React Hooks and designed a clean modern interface with smooth card layouts.

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science and Engineering

2023 – 2027

PRIST University College, Thanjavur, Tamil Nadu

- Focusing on Web Technologies, Software Engineering, Object-Oriented Programming, and Data Structures.

Higher Secondary Certificate (HSC) & SSLC

Completed

State Board of Tamil Nadu

CERTIFICATIONS & INTERESTS

- **Front-End Web Development:** Strong practical foundation in React.js, Modern JavaScript, Fetch API, and Responsive Design.
- **Programming Fundamentals:** Core problem solving in Python, C, and C++ basics.
